The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives

Dear Chair Granger and Ranking Member DeLauro:

I am requesting funding for the Rumford-Mexico Sewerage Project in Fiscal Year 2024. The entity to receive funding for this project is the Rumford-Mexico Sewerage District, located at P.O. Box 160, Rumford, ME 04276. The funding would be used to provide a comprehensive upgrade of a 48-year-old wastewater treatment facility and the Dix Avenue Pump Station to prevent overflows of raw wastewater. The project is an appropriate use of taxpayer funds because it will ensure that there is reliable and sustainable wastewater infrastructure in the region to protect the Swift and Androscoggin Rivers and provide for predictable and economical costs for treatment for all sewer users the majority of whom are low to moderate income sewer users in the service area.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jared F. Golden
Member of Congress
